Dance Class Etiquette

Arrive to class on time. If coming in late, please excuse yourself when entering the class room. If a young student is arriving late, our front desk personnel will accompany the student into the class room.

If a child is having a hard time being away from the parent and crying, they will be brought out to the parent in the lobby. We will help encourage the student to go in the class but sometimes they are just not ready and need more time. Keeping a crying child in the classroom or letting a parent go in with them only distracts the rest of the class and upsets other tiny dancers.

Please do not approach teachers during or in between classes. All concerns and questions must be brought to the office.

No chewing gum or food in the dance studios. Water bottles only.

Respect VDC property. No writing on walls, furniture etc.

VDC is a NUT FREE environment! Please keep your snacks nut free.

No cell phones in class, if you do not feel comfortable leaving your phone in the change room, you may ask to keep it at the front desk during class.

Please avoid wearing jewelry or bringing any valuables to class.

A bathroom break is sometimes given during class, however if you must leave the classroom please ask the instructor. If you have a young child that needs help in the bathroom, please be available to assist them.

No talking during class. If you have a question you may raise your hand to ask a teacher.

Be respectful to your teachers, fellow dancers and parents at all times.

Parents are not to enter the hallway of studios. There are viewing areas with live video feeds of the classes as they are happening.
